How to Rack: To begin the game of 8-ball, the 15 colored balls are placed randomly in a triangle, called a "rack." The base of the rack is parallel to the short end of the pool table and is positioned so the ball in the tip of the rack is located on the center of the foot spot. The balls in the rack are pressed together tightly to acquire a solid rack, and remain in contact after the rack is removed. Within the rack, the 8-ball is centered, while the two corners are occupied by the two opposite groups (one solid ball and one striped ball). 2. All players not playing must remain outside the disc golf area.
3. Each pair will start at a different number tee (shot gun).
4. One throw (stroke) is counted each time the frisbee is thrown and when a penalty is incurred.
5. Each hole begins with a tee throw. Tee throws must be completed within or behind the designated tee area.
6. The lie is the spot where the player's previous throw has landed. Leave the thrown frisbee on the ground where it landed. The player's subsequent throw is made from directly behind the marked lie.
7. The player with the least amount of strokes on the previous hole is the first to tee off on the next hole. After all players have teed off, the player whose frisbee is farthest from the hole always throws first.
8. Fairway throws must be made from directly behind the lie. A run-up and normal follow-through, after release, is allowed, unless the lie is within 10 meters of the target. Any shot within 10 meters of the target requires that the player maintain balance and not move past the lie until the frisbee comes to rest.
9. All holes are par 3. Individual hole scoring ends at triple bogey (+3). Pick up your frisbee and move on to next hole.
10. The team with the lowest total strokes for the entire course wins. The hole is completed when the frisbee comes to rest in a frisbee golf basket.
11. Team twosomes will be assigned to play with a group from another company. Opposing teams will keep the other's scorecard. A player from both teams must sign the card before submitting it to tournament staff. All scorecards must be submitted directly after completion of the round.
12. No substitution and non-alcohol event.

SCORING:

All individual events will be scored with points; every point counts towards the team's overall total. The team with the most individual event points will be declared the winner of that event.
